Score Orchestra SoundFont, Score Orchestra SoundFont is a soundfont package aimed in particular at lovers of MIDI files and musical genres such as symphonic and classical. The "sf2" format collection includes musical instruments such as strings, brass, percussion, piano, etc. With meticulous research, we have managed to put together musical instruments of the highest audio quality, using some of the most realistic stereophonic samples ever reproduced on a virtual level, as well as having up to 3 dynamic levels for each instrument.
