

Big Band & Jazz SF2 GM

The term Big band, or jazz orchestra, refers to the type of orchestral formation that has been established in America since the 1920s and primarily performs pieces used in jazz music, particularly swing, but also Latin American. To evoke these styles and, above all, these sounds, we have created the Big Band & Jazz GM SoundFont in "sf2" format, using real samples. Once again, we offer one of the best GM soundfonts, this time for playing MIDI files, including the main instruments played in a Big Band and Jazz Orchestra.

Features:

SoundFont "sf2" format, 370 MB total space | 802 real samples | 181 instruments | 23 presets | Windows, Mac, Android
